

## Winnebagoland Division of NMRA

### Survey of Members

#### Operating Groups and/or Model Railroad Clubs

NMRA members,

The Board of Directors of the Winnebagoland Division is undertaking a survey of the membership to gather information about the Operating Groups and Model Railroad Clubs in the Division's territory. We believe the survey will be informative and valuable to our members by sharing information about the Groups and Clubs. We encourage all members to participate and share their information so we can generate the best value for all members. We want to make this a positive exercise and through the results of the survey encourage participation on all levels: in the NMRA itself, in the Operating Groups, in the Model Railroad Clubs, Division meets, layout tours and Operating Sessions. We believe this will expand the number of layouts available for tours and operating sessions, increase membership in the NMRA and in the Groups and Clubs if they so desire.

If you are part of a Group or Club, we encourage you to discuss the survey with your teammates and then fill out the survey as soon as practicable. Share as much or as little as your Group or Club has deemed in the best interest of your situation, however, we would like to make this a fun and learning exercise that will increase the joy of the hobby to all of our members.

Survey:

1. Do you belong to an Operating Group?:                    yes\_\_\_\_                    no\_\_\_\_
2. Do you belong to a Model Railroad Club?:                    yes\_\_\_\_                    no\_\_\_\_
